Online Newspaper Archives Lists

Wikipedia:List of online newspaper archives

From Wikipedia, the free encyclopedia

(Redirected from [List of online newspaper archives](#))

This is a list of free and [pay wall](#) blocked digital online newspaper archives. Most are scanned from microfilm into [pdf](#), [gif](#) or similar graphic formats and many of the graphic archives have been indexed into searchable text databases utilizing [optical character recognition](#) (OCR) technology. Some newspapers do not allow access to the OCR-converted text until it is proofread. Older newspapers are still in image format, and newer newspapers are available as full text that can be cut and pasted. Most text is in ASCII, some are using Unicode for diacritical marks not available in ASCII. [Google](#) now indexes many newspaper archives.

Some local public libraries subscribe to certain online newspaper archives. For instance, some UK public libraries subscribe to *The Times Digital Archive* (1785–1985), and any member of one of these libraries is able to access this resource free from their home computer using their library card number.
